Kauai, HI

To whom this may concern,

I would like to take this time to write and express my interest to take advantage of your internship opportunity at {Company Name}. I am currently a Kapiolani Community College student on Kauai in their New Media Arts Program. To join and add your team of creatives at {Company Name} as well as gain hands-on knowledge in the field is all a college student could ask for.

Being in this pandemic over the past two years really caused me to take a step back and reevaluate life, my career and future and the direction I wanted it to go toward. It had been a while since I was last a student at Kauai Community College where I earned a Certificate of Completion in Small Business Accounting so I was ready for a fresh start. Having a stroke at birth limited me from certain jobs that required good fine-motor skills and so I sought out a program that would suite my interest and needs. Being in the New Media Arts Program has made things clear as to what the design industry is, and the steps it takes to be successful in it.

As of now I am ready for a new career and change. Over the past three semesters I have been exposed to the design industry, learning new perspectives obtaining extensive knowledge in Adobe programs including Illustrator, Photoshop, InDesign, After Effects and XD. Having also learning the basics of HTML, CSS and JavaScript, I have been able to use my design skills from Adobe and apply it into creating a web interface as well as brand development.

Being in the program I truly feel like I am on the right path and on my purpose, given the opportunity and chance I feel like it would be a win-win situation and both beneficial to {Company Name} and myself. Thank you for your time and consideration.

Sincerely,
Kaleb Miranda
